

Name:

Period:

Error Analysis Sample:

Below is a cross section of the truss a group designed for their bridge. The firm has color coded the angles of their truss and have provided a key below. Provide this firm with feedback: Things they've done well, things they want to double check, and any other ways to improve their sketch.

Cross Section of Truss

Key:
Congruent angles are the same color.
Red and Green are supplementary
Red and Orange are complimentary
Red angles = 40°
Orange angles = 50°
Blue angles = Purple angles = 60°

Feedback from:		
Things you did well...	Things to double check...	Other suggestions...
