

"Dear _____" Audience Identification Letters

Teacher Directions: Print letters per group and provide them with the answer choices to cut out. They will match the audience (parent, teacher, principal, stranger) to the correct letter and glue it in the right place.

November 20, 2014

Dear _____,

I know that I am responsible and I have made great grades this nine-weeks at school. I have kept my room clean and I have even made my own bed every morning! That was hard work. I do my chores and I do my homework when I get home. I think that this shows I would be great at taking care of a dog. I would walk him every day and make sure he has food and water. I would teach him how not to jump on the couch and also make sure he is brushed. Please may I have a dog?

Love,
Bobby

Dear _____,

We do our very best every day and we try very hard to sit still at our desks and on the carpet. It is a very long day in the classroom. We love reading, math, and science. Writing, too! But we also need time to talk to our friends and play. Can we please have 10 more minutes of recess every day?

Thank you,
Your favorite class

Dear _____,

I think our school needs to celebrate Valentine's Day. It's a wonderful holiday and makes people very happy. The teachers and students would really like for this to happen. We know. Our teacher LOVES Valentine's Day. She's decorated our room already, but she says we can't have a party! We would invite you. I promise. We would even share our candy and our cards. Please let us have class parties on Valentine's Day. It would be amazing.

Sincerely,
The Students
(and Teacher)
in Room C110

April 22, 2014

Dear _____,

I saw you throw a piece of trash outside your car when you were walking into the mall. The trash can was at the entrance of the mall. I saw a bird come up and try to eat the plastic you had thrown down, and that could be very bad for them! Littering is also bad for our world. Do you know that you can also get a ticket for littering? That would cost a lot. So please next time take your trash to the trash can or recycling bin. That would make the world a cleaner place for us and a safer place for animals.

Sincerely,
Little Bobby Brown

Answer choices

Directions: Cut out Bobby's different audience members and glue them onto the correct letter.

Mom and Dad (Parents)

Mrs. Smith (Teacher)

Mrs. Keairnes (Principal)

Mall Shopper (Stranger)
