

November Tenth, Two-Thousand Fourteen

Dear Boys and Girls,

Me and my family really need your help! We are on Farmer Mac Nugget's farm and we just found the axe he's planning on using this year! One of the cows on the farm told us what was going on and we do NOT want to be anyone's Thanksgiving dinner. You have so many other tasty foods to eat! Can you please persuade Farmer MacNugget that there are better choices for Thanksgiving dinner than turkey? We really need your help to escape the dinner plate this year.

Thank you from the tips of our tail feathers,
Larry the Turkey
